

## ENVIRONMENTAL POLICY

Elastomer Products Limited as outlined in the Company Charter is committed to protecting the environment through environmental performance programmes and continual improvement in our operations, products and services.

- Elastomer Products Limited adopts environment protection as a fundamental business objective and seeks to continually improve its systems and processes.
- Elastomer Products Limited recognises its obligations and undertakes to comply with all relevant environmental legislation, regional and local regulations and to adopt various Codes of Practice and Standards that apply to the Industry.

In meeting this commitment, management will establish and maintain a suitable environmental management system and take all practicable steps to:

- Prevent or reduce pollution to air, land and water through programmes that reduce environmental impacts and conserve natural resources.
- Reduce waste and the consumption of resources, materials, fuel and energy
- We will recycle and recover where practical.
- Set and review environmental objectives and targets and set guidelines for reduction of environmental impacts, these will be reviewed annually.
